

Women for Humanity  
2018 Annual Report

.....

# Together, we empowered people through education!

In 2018 it took an amazing group to create success for the people we serve. Thank you for being a part of the Women For Humanity team that advanced positive global change!

## **Thank you, from our Women for Humanity Board Chair, Rouzana Hares!**

As I reflect upon the outcomes for Women For Humanity in 2018, I am both moved and encouraged to keep up our hard work. We are privileged to work with resilient students, supportive sponsors, and a tireless board.

Connecting the students we serve to resources that aid them in creating the stabilizing building blocks for themselves and their family's futures, is truly rewarding. Yet when our students create projects that help to pave the way for new students coping with crisis, we beam with pride.

We look forward to next year with excitement, knowing that we will continue to build and maintain partnerships that provide opportunities to amazing individuals.

With gratitude,

*Rouzana Hares*
